Jerry -

I am forwarding comments from the HQ's EU on the Q&A documents. I think they should have been sent to you. Let me know if you have any questions that I can help with. Please note that the updated QA tech memo (sent earlier) may help when drafting the Q&A for the QA process.

Thanks - Kelley

Kelley and Dawn,

Attached are comments on the Q&As and well data. I just saw Gerald Heston's write-up on Manganese that may supercede some of my comments.
